

EMAIL COLOR 25 ml

Professional model builders always use the airbrush technique which allows them to apply the paint in extremely thin layers.

The 'Airbrush Email Color' enamel paint jars can be screwed directly underneath many spray guns. When completely dried, this paint (46 shades in matt, silk matt, gloss and clear) provides excellent coverage and robust surfaces.

SOLID GLOSS

31701 Clear (not solid)		31134 Ferrari red	
31104 White RAL 9010		31152 Blue RAL 5005
